Course Management System

PersonInterface

- login()
- set/get name()
- set/get id()
- get email()
- set password()
- viewdata()

Person

- name
- id
- email
- password

- login()
- set/get name()
- set/get id()
- get email()
- set password()
- viewdata(
- getPassword()

AdminstratorInterface

- createAccount()
- createCurriculum ()
- assign classes ()
- modifyPassword()

Adminstrator

- adminstrators
- students
- instructors
- gradeSubject
- gradeStucents
- tasks

- createAccount ()
- createCurriculum ()
- assign classes ()

InstructorInterface

- viewSubmittedProjects()
- setFeedback()
- createTask()

Instructor

- classes

- viewSubmittedProjects()
- setFeedback()
- createTask()

StudentInterface

- setGrade ()
- viewCourses ()
- submitProject ()
- getFeedBack()
- getTasks ()

Student

- grade
- tasksSubmitted
- tasksFeedback

- setGrade ()
- viewCourses ()
- submitProject ()
- getFeedBack()
- getTasks ()
